ANALYSIS OF THE ESTIMATES

1. The estimates are based on current PWD Schedule of Rates and exclusive of GST and labour Cess. All Intending Bidders are requested to examine the plan and estimates very carefully.
2. The estimates are exclusive of GST & Labour Cess. All taxes and statutory deductions shall be made from contractor's bill. Successful bidder shall have no claim over contingency unless specifically provided to the bidder by appropriate authority. As all these are model estimates, physical works to the tune of 15% might require to be increased. No additional payment shall be made to the successful bidder for additional works up to 15% of the estimated items. However, additional payment can be made if work implemented is more than 15 %. e.g(20%-15%)=5%, additional payment shall be made for additional 5% works only, subject to the approval of competent authority deployed for the purpose and subject to the discretionary power of the undersigned.
3. For availing the GST, Bills incorporating GST amount are required to be prepared. No GST amount shall be provided to the successful bidder, if the bills are not prepared incorporating GST. GST shall also not be paid to the successful bidder/s if the goods or services to be provided with are having 0% GST. Deduction of GST amount shall also be on the similar line subject to specific rules/G.Os regarding the matter, for the time being in vogue. GST shall be paid for accepted offered rate only.
4. Successful bidders can carry out the works as per estimate, either by deploying labourer or through mechanized manner. But, whenever labourers are engaged, the same should be as per direction of the concerned Range Manager or his authorized person. Priority should be given to the members of JFMCs concerned in this regard. Minimum Wage, as per latest Minimum Wage Act shall have to be paid to the labourer so engaged.
5. The estimate is indicative in nature. Thus, it might be so that some of the items mentioned in the estimates do not require to be implemented in the field and some of the items needs to implemented more than once, repeated or enhanced as per field requirements. Thus the successful bidders must be in preparedness to act accordingly, as per direction of the concerned Range Manager/Competent authority a deployed for the purpose or any higher authority of the WBFDC Ltd above the rank of Range Manager.
6. Payment shall be made to the successful bidders only for those items which he/she has carried out at field as per the instructions of the concerned Range Manager or his authorised persons or his superior authority. Each item of the estimates has a definite time line, beyond which the item can't be implemented in the field. Thus any item which is not possible to be implemented in the field within due time, can only be implemented after having due permission in this regard from the appropriate authority. Successful bidders are required to prepare bill for making payment accordingly.
7. From the above analysis, it follows logically that R.A bills, Part Bill, Item wise shall be admissible in this regard. Further, the bill shall never exceed the accepted offered rate. Bills should be prepared based on actual offered rate and actual works implemented in the field. However, the Bill can be less than the offered rate depending on the actual works implemented in the field.
